Duty E-mail _____ Home E-mail _____

Each student is required to register for seven class periods, five required classes and two elective courses.

Required courses include classes in language arts, science, social studies, math, and health/physical education. Math level enrollment will be determined by considering information from teacher recommendation, standardized test scores, a placement test and parental input. The placement test will be given in June of this school year. Until then, students will be placed in the appropriate grade level class or the appropriate sequenced class.

Elective courses include Conversational French, Spanish, German; Beginning, Intermediate and Advanced Band, chorus; English As a Second Language; Exploratory Wheel (art, home ec, music and keyboarding), reading support and math support. Entrance into high school level foreign language is on an individual basis and needs special permission from the high school administration. Please contact the counselor for further discussion on this issue.

All classes are 36 weeks long except for the Exploratory Wheel classes, the foreign language conversation classes, and the reading and math support classes. The Exploratory Wheel classes are each 9 weeks long. The French, Spanish, German conversation classes, reading and math support classes will each be studied for 18 weeks.

REQUIRED COURSES: Place an X in the appropriate space.

Language Arts	English 7 _____
Social Studies	World Geography _____
Science	Integrated Science 7 _____
Mathematics	Math 7 _____
	Math 8 _____
Health/PE	Health/PE _____
