Parent Endorsement

I understand that Advanced Placement (AP) courses are equivalent to freshman-level courses at an American university. I recognize that success in these courses may require students to sacrifice both school-sponsored and community activities, especially those that require the student to miss school or take evening study time away. I understand that the AP exam is a requirement, and that the course grade will not be weighted until the exam has been taken. I have reviewed the criteria listed above, and fully support my son’s/daughter’s decision to enroll in this course.

Instructions to Student

Advanced Placement (AP) courses are equivalent to first-year American university classes. They are rigorous and demanding. Please write a brief statement (in your own handwriting) as to why you would like the opportunity to enroll in an AP class. In addition to meeting the stated criteria for an AP course, what personal qualities and work habits do you possess and how will you use these qualities to succeed in this course?

I understand that Advanced Placement (AP) courses are equivalent to freshman-level courses at an American university. I recognize that success in these courses require that I may need to sacrifice school-sponsored and community activities, especially those that require me to miss school or require evening hours. I understand that the AP exam is a requirement of this course and that my semester grades in this course will not be weighted until I complete the exam.

I have reviewed the criteria listed on the front side of this form and feel that I have the necessary academic background, commitment, and motivation to succeed.
